Dear Friends

Thank you for your donation of £500.00 which we received on 30/12/2016. This gift is very much welcome and will be put to good use here at the Children's Hospice helping us to care for the children and their families who use our service.

Coming to terms with the diagnosis that your child has an incurable illness is devastating for parents and they need support. Children's Hospice can give them that support. We know that caring for a sick child can be an exhausting and lonely experience for families and we are here to help in any way we can. We can help with nursing the sick child and we can provide emotional support to the whole family.

This is only possible because of the support of the local community, people like you, who have helped us grow our service by giving so generously through donations and legacies. We hope that this support will continue despite the challenging economic times we find ourselves in, because the demand for our services continues and sadly many children will need our help in the coming months. We need your help to give these very special children the care that they need.

At the Children's Hospice we rely on voluntary income and we never take a donation for granted. Your support will help us to respond quickly and provide the best quality care to life limited children over the coming months. I will update you through our newsletters where you will read about developments at Children's Hospice and how we are using your donation, but in the meantime please visit [nihospice.org](http://nihospice.org) or email us at [fundraising@nihospice.org](mailto:fundraising@nihospice.org) for further information on our work.

Thank you again for your gift. It will provide a life limited child in your community with more of that special care and support that only the Children's Hospice can give.

Yours sincerely

Jonathan Smyth, Donor Manager.

Northern Ireland Children's Hospice would like to keep you informed about our work and our trading company. If you do not wish to receive further NI Children's Hospice information, please please call, email or advise us in writing.
